Introduction

Planning your own Hyrox-style event?

Our rental service is fully flexible, allowing you to choose exactly what you need, whether you're running a 5-wave event, a 10-wave event, or anything in between. With our pro-rata pricing model, we tailor each setup to your venue, athlete numbers, and event goals.

How Our Service Works

Flexible, Pro-Rata Pricing

We operate using a flexible, pro-rata pricing model designed to suit events of any scale. Whether you're running a 5-wave event, a 10-wave event, or a fully customised setup, you simply tell us what you need and we tailor the equipment list accordingly.

Since our artic trailer is pre-loaded and our transport and staffing overheads remain consistent, there is little difference in cost between transporting smaller or larger quantities of equipment. This ensures a simple, transparent process and excellent value for your event.

What We Handle

- Delivery and collection of all equipment
- Staff supplied to help guide you through the set-up and take-down
- Nationwide transport to any venue

What You Handle

- Providing crew to unload and load equipment at your venue

Equipment Available to Hire

We supply industry-leading equipment designed to deliver a high-quality Hyrox-style event. Our most in-demand items include:

- Centr Turf (Full Turf Lanes) - high-performance, competition-grade surface
- Concept2 Ski Ergs
- Concept2 Rowers

These items form the backbone of a professional race lane setup and are available in any quantity required.

Our Centr Turf provides a world-class race surface for sled push and sled pull.

Durable, smooth, and competition standard, it elevates the professionalism and feel of your event instantly.

Equipment Available to Hire

FULL EQUIPMENT LIST

Choose exactly what you need - whether it's for a 5-wave event, 10-wave event, or a custom setup. All equipment is available on a flexible, mix-and-match basis.
